

Women's Council of  
**REALTORS®**

Get Ready.

**Southern NH Chapter of Women's Council  
of Realtors Presents:**

***"On the way to being Frugal, we stumbled into GREEN!"***

***Green is EVERYWHERE these days, including Green Real Estate,  
both in New Construction and in Green Remodeling.***

*When a client asks about Green, do you know how to explain Green homes?*

*When you list an Energy Star or higher home, do you know how to market it correctly?*

*When you look at the NH MLS Coded Green features do you wonder what they mean?*

Judi Farr, from Keller Williams Metropolitan has entrenched herself in this topic. She was the General Contractor for her own Energy Star home in 2005, has worked with the Homebuilder's and Remodeler's Assoc. of NH (HBRANH) for the past 3 years to develop the Build Green NH Council and has received her CGP accreditation through them by taking the same classes on Green building that the builders and remodelers take. She also was one of the first 100 Realtor's to graduate with the new NAR GREEN designation and is a Certified EcoBroker.

Judi will share her personal journey, teach you how to avoid "green washing" to clients, teach you the different "shades of green" that your clients fall into and so much more! You'll also come away with some great tools to help you in your journey!

**May 20, 2010      TIME 8:30am – 10:00am**

**Place – Puritan Backroom Conference Center  
(245 Hooksett Rd, Manchester NH)**

**FULL Breakfast will be served!**
